Dear Sirs

PRODUCT RECALL IN KWANGJU REGION OF SOUTH KOREA

CCA's operation in South Korea has been the subject of an extortion threat affecting Coca-Cola in PET packages in Kwangju, Hwasoon and Damyang. The threat is restricted to these areas.

Public safety is our primary concern and in consultation with police, all our decisions in this matter have been driven by this. As a precautionary measure, CCA are voluntarily recalling all Coca-Cola, diet Coke and Coke Zero PET packages from the Kwangju Hwasoon and Damyang areas. This action follows yesterday afternoon's receipt of analysis conducted by the police on 3 suspect 600ml Coke bottles found in the area late on 9th July. This recall is estimated to involve 40,000 physical cases of product.

CCA have been working in full co-operation and under advice from the South Korean police since the initial threat was made and the investigation has led to the arrest of a suspect.

CCA are planning to restock Coke PET packages in the affected areas in 7 days time.

The Coca-Cola Company and Coca-Cola Amatil have always placed the highest priority on product quality and safety and are doing everything possible to aid the police in their investigation of this matter.

Yours sincerely

D.A. Wylie
Company Secretary
